This is what I sent Shawn. Sounds like one of those times when I miss out by not being there on 16.

Subject: House briefing

Shawn - OCIR is providing a briefing on the chemical spill to the House IT committee as they requested on Tuesday at 11:00am. I am working with them to get responses to questions Rep. Rahall staff has already submitted (he's also holding a cong field hearing here in Charleston on Feb 10 he's gearing up for).

OCIR would like to have someone from R3 call in to participate and suggestion John Cap. I'm thinking Bill Arguto could handle this for John. What's your call?

Also: will want to share this "chronology" document you requested with the prep team, but only after you have seen and signed off on it. (Attached)

Thanks
